undergo the test if it was promised that no reporters should be present. It was stipulated that each patient treated should sign a release of any future claim against Dr. Friedman if the treatment proved harmful.

"It is too early to say yet," said Dr. Landmann, "what is the virtue of the Friedman serum. We know nothing except what is claimed for it. Later we shall know whether or not it is beneficial. Later still we shall know if it is a cure. In the meantime let us suspend judgment."

Dr. Friedman, whose girl patient had been rejected, said:

"Please publish this and attach my name to it. He is a faker and should be driven out of this country. He proved to me that his serum is only for well people, who think they are sick, or for sick people who are already getting better. I am going to ask Dr. Lederle to stop this business."

Dr. Meyer Wolf of No. 61 Second avenue, a member of the State Civil Service Board, said:

"We must not be too critical. He ought to have a fair chance. Of course he was nervous this afternoon and acted strangely. But I don't know—I don't know."

Among the other physicians present were Dr. Ignatz Rottenberg, Dr. E. W. Kellogg, Health Commissioner of Milwaukee, Dr. Louis Spiegel and Dr. J. H. Neuman.

Dr. Ignatz Rottenberg of No. 36 West One Hundred and Eighteenth street, who is chairman of the medical board of the People's Hospital, said:

"It's hardly fair to pass judgment on Dr. Friedman's work today. The fact of his serum is a very good one, but Dr. Friedman was in no condition today to do work that would do justice to his claim. He was very nervous and if he has a cure he was in no condition to demonstrate it."

SCIENTIST ANGRILY REFUSES TO ANSWER CRITICISM.

While the buzz of criticism and of apology for the specialist were going on in the hospital and on the steps and sidewalks, Dr. Friedman, his brother Arthur and Dr. Benjamin were walking rapidly toward Fourteenth street. Several reporters ran after them. The three physicians increased their pace until they were almost on a dog trot. When the reporters caught up, Dr. Arthur Friedman turned angrily.

"This thing has got to stop!" he shouted. "My brother is not to be hounded this way. This is a free country."

"We only want to give you a chance to answer some of the things some of the physicians are saying about your brother after watching him at work," said the reporter.

"We do not care what they say," cried the specialist's brother. "To hell with them! Damn them!"

Dr. Lederle, Commissioner of the Board of Health, said that permission had been given Dr. Friedman to treat three patients, and that he had commended his treatment of them at the People's Hospital today.

BOARD OF HEALTH TO PREVENT FLOOD OF SUFFERERS.

There has been a misconception on the part of those who protested against the Board of Health barring Dr. Friedman from practicing in the People's Hospital," said Dr. Lederle. "There has been no objection from the Board of Health thus far. I do want to say, though, that it is unwise and inexpedient for these unfortunate consumptives to come flocking here to the city. They are coming from all parts of the country, and the present is only in its first stages. The first step, in fact, was taken today."

"Unless sufferers from consumption stop coming here the Board of Health will be compelled to take some step toward preventing it."

"The culture sent to the Board yesterday by Dr. Friedman is now in the hands of our own bacteriologist, but how effective it is cannot be determined by him for some time, and it will be several days before we will be able to give out any statement in that regard."

THAW ABANDONS HIS NEW BATTLE FOR FREEDOM

the corridors while the case was being heard, and when Thaw, clinging like a rather frightened child to the arm of Roger O'Meara, his old-time bodyguard, started for the Chamber street entrance where a hired auto was waiting the rush fairly swamped the party flanking him. Lawyer Kennedy and O'Meara moved and pushed and finally opened a lane. Outside another big crowd gathered and loomed about the group while they waited in the rain for the auto to arrive up. Thaw went straight back to Mattewan.

Thaw appeared to be in good health, but was palpably nervous. He kept his thick, bushy hair closely combed and spent the time before the beginning of the proceedings in talking to Roger O'Meara and former Governor of Pennsylvania Stone, who was for many years attorney for the Thaw estate.

A photographer leveled his camera at Thaw, who sat staring straight into the lens while a time exposure was made in the gloomy, electric-lit courtroom. He appeared amused when a court officer cut short the picture taking. His hair has become powdered with gray.

When former District Attorney Jerome came in he and Thaw did not exchange greetings, but Thaw's steel-blue eyes looked behind his spectacles as he gazed at Jerome.

District Attorney Whitman said that he had intended to press the bribery scandal to the Grand Jury next week, and that the Grand Jurors expressed a desire to examine Thaw at that time he would have him brought before them. His interest in Thaw began and ended there he said.

WILSON MOVING VERY SLOWLY ON MEXICAN AFFAIRS

Instructions Cabled To-Day Indicate No Sweeping Change in Foreign Policy.

WASHINGTON, March 6.—Indications that no immediate or sweeping changes in the foreign policy of the United States was in contemplation were afforded to-day when Secretary Bryan, without much qualification, approved the letters and instructions by wire that went to the American representatives abroad in countries where stirring events are happening.

This was routine business, but it was inferred that President Wilson intends to make a careful study of all the data to be presented to him by Secretary Bryan before making any radical changes in existing policies.

It became known to-day that without abating this Government's claim to the right to maintain an efficient army patrol along the Mexican border the new administration intends to use every proper means to avoid friction with the Mexicans across the line.

In line with the disposition to advise President Wilson and Secretary Bryan of the precise conditions along the border, Brig. Gen. Tucker H. Bliss, commanding the southern department of the army with headquarters at Fort Sam Houston, was ordered to make a tour of inspection.

NEW CABINET APPEARS EARLY FOR BUSINESS.

The Cabinet broke some of the records established by Mr. Taft's official family. The Taft advisers usually reached the White House offices much after 11 when the hour set for the meeting. All Mr. Wilson's Cabinet were in the offices within a few minutes of the meeting hour ready to sit for a dozen photographers and several moving picture men.

Secretary Bryan was again a centre of interest when he entered the executive offices. He had a hard time getting through the crowd and was stopped several times to be introduced by Senators or Congressmen to their constituents. Several women in waiting room began to clap their hands and sing out, "Oh, there's Bryan," when the Secretary entered at a rapid walk, doffed his broad-brimmed hat and smiled a morning greeting.

Senator William Alden Smith of Michigan presented to President Wilson the resignation of Thomas J. O'Brien, Ambassador to Italy. Mr. O'Brien is from Michigan and requested Senator Smith personally to present the resignation.

"Who do you think will succeed Ambassador O'Brien?" the Senator was asked as he left the White House.

"Well," he said, "I don't know, but I think it will be a Democrat."

ONLY A GET-TOGETHER MEETING TO-DAY.

After the meeting, Secretary Tumulty made the following statement:

"President Wilson asked me to say for him that the Cabinet meeting was for the purpose of enabling the members to get together. To some extent the question of assistants to the members of the Cabinet was discussed."

Secretary Bryan remained in the President's office for a half hour after the Cabinet meeting adjourned.

"We are trying to organize the team," said Secretary Daniels, explaining today's session. "We merely talked things over generally."

Avery A. Adee, Second Assistant Secretary of State, who has been in the State Department since 1877, will retain his position under Secretary Bryan. Mr. Adee is affectionately referred to in Washington as the "wheel horse" of the department, and it is said that few im-

portant diplomatic notes of recent years have escaped his editing.

Miss M. Wyvell, a New York lawyer, a Cornell man and an intimate personal friend of Secretary Bryan, to-day was appointed private secretary to the Secretary of State in place of William Leslie Combs, Mr. Knox's secretary, who resigned to engage in business in San Francisco.

Benjamin G. Davis of Maryland, clerk to Mr. Bryan when he was a Representative in Congress, and lately in the Adjutant-General's office in the War Department, is to be confidential clerk to Secretary Bryan.

MURPHY GIVES HIS ORDERS TO O'GORMAN.

Murphy is said to have told Senator O'Gorman what he wants done, how it shall be done and who shall benefit by it. He made it clear that Tammany rolled up a good vote for the Democratic ticket and expects a fair share of the spoils.

Having made his views clear to the Governor and the Senator, Murphy discussed the details with the latter. As a result Abram L. Elkus probably will be prominently mentioned for Federal District Attorney to succeed Henry A. Wise, Street Cleaning Commissioner Edward J. McLaughlin, and the running for Collector of the Port.

With regard to the Collectorship the choice seems to be between Edwards and Dudley Field Malone, son-in-law of Senator O'Gorman. The understanding is that Murphy favors Edwards, Malone, however, is a great favorite with the President.

Sulzer left the hotel about fifteen minutes before Murphy appeared. He had his hat pulled down over his eyes and looked dejected. For perhaps the first time in his life he refused to talk to newspaper men.

Sulzer had been pretty well scored in the conference for assuming greater power than he has.

"Is Gov. Sulzer satisfied now to be Governor of New York?" Norman E. Mack was asked later.

"Well, it seems to me that ought to be enough for any man," he replied.

SOME OF THOSE REPORTED AS "CHOSEN."

It was reported to-day that Byron R. Newton of New York will be named as one of the Assistant Secretaries of the Treasury by Secretary McAdoo.

Newton is a veteran newspaper man and magazine writer. He was identified with the Wilson campaign before the convention as publicity agent and afterward as assistant to Vice-Chairman McAdoo, of whom he has been an intimate personal friend for years.

WOMAN SREAMS IN COURT.

Lina Sternberg Has To Be Overpowered After Conviction.

When a jury in Judge O'Sullivan's Court in General Sessions to-day found Mrs. Lina Sternberg of No. 165 Allen street guilty of attempting to pick the pocket of a diamond dealer she screamed so loudly and continuously the whole court room building was aroused.

Court attendants had to overpower her before she could be taken back to the Tombs to await sentence next Tuesday.

Mrs. Sternberg, who is but twenty years old, was charged with having tried to rob David Bonner of No. 130 Shepherds avenue of his wallet containing 300 uncut diamonds while they were crossing Williamsburg Bridge.

STANDARD OIL STOCKS DROP.

Report of Reopening of Trust Suits in Cause.

Hear operators started a report on the curb to-day that Attorney-General McReynolds would try to reopen the Standard Oil and Tobacco cases. The result was a sharp break in Standard Oil shares.

Standard Oil of New Jersey (the parent company) fell from 54 to 36; Solar Refining from 62 to 49; Standard of Indiana from 38 to 33; and Standard of California from 19 to 14.

INEZ MILHOLLAND RAISES VOICE FOR POLICE WOMEN

Testifies Before Wagner Committee Regarding Social Conditions in New York.

Miss Inez Milholland, suffragist and social worker, was the witness that attracted most attention this afternoon at the Wagner legislative committee's hearing on police conditions. Miss Milholland was dressed in black, with a large black hat trimmed in white.

"I am emphatically in favor of women being put on the force to help in the control of the social evil," she said. "Women become hardened finally in the life of the streets and then it takes a woman to get back of this an appeal to the better in the woman."

The suggestion of an advisory board of men and women to help in the control of the social evil seems admirable to me. To really get at the problem, I believe it should be attacked from the sanitation point.

"There is no use pretending the problem is not there."

URGES A COLONY FOR REFORMATION OF ARRESTED WOMEN.

Miss Milholland urged the formation of a colony where the women arrested could be rebuilt morally and physically.

"These women are in their plight because necessity drives them there. We should hold them and try to help them. Most emphatically I say that the low wages of women should be looked into. The real problem lies there. The law of the minimum wage will mean a step in the right direction."

Senator Wagner asked Miss Milholland if she had any figure as to the percentage of working girls who are driven into evil.

"I have these figures at home," she said, "but I do recall that they show that 50 or 60 per cent. are driven wrong by poverty. These girls can live on a minimum of \$2 a week. They have nothing else to do but go wrong when their wages are \$2 or \$3 a week."

INEZ MILHOLLAND RAISES VOICE FOR POLICE WOMEN

Testifies Before Wagner Committee Regarding Social Conditions in New York.

Miss Inez Milholland, suffragist and social worker, was the witness that attracted most attention this afternoon at the Wagner legislative committee's hearing on police conditions. Miss Milholland was dressed in black, with a large black hat trimmed in white.

"I am emphatically in favor of women being put on the force to help in the control of the social evil," she said. "Women become hardened finally in the life of the streets and then it takes a woman to get back of this an appeal to the better in the woman."

The suggestion of an advisory board of men and women to help in the control of the social evil seems admirable to me. To really get at the problem, I believe it should be attacked from the sanitation point.

"There is no use pretending the problem is not there."

URGES A COLONY FOR REFORMATION OF ARRESTED WOMEN.

Miss Milholland urged the formation of a colony where the women arrested could be rebuilt morally and physically.

"These women are in their plight because necessity drives them there. We should hold them and try to help them. Most emphatically I say that the low wages of women should be looked into. The real problem lies there. The law of the minimum wage will mean a step in the right direction."

Senator Wagner asked Miss Milholland if she had any figure as to the percentage of working girls who are driven into evil.

"I have these figures at home," she said, "but I do recall that they show that 50 or 60 per cent. are driven wrong by poverty. These girls can live on a minimum of \$2 a week. They have nothing else to do but go wrong when their wages are \$2 or \$3 a week."
